

Bianca Maddela

MULTIDISCIPLINARY DESIGNER

I'm a Multidisciplinary Designer with 8+ years of experience spanning UX strategy, frontend development, and visual design. I've worked across SaaS platforms, e-commerce stores, and marketing sites. Within my line of work, I've helped product teams identify UX friction, build scalable design systems, and ship polished digital experiences.

● Shopify Developer & Graphic Designer

PUFFT DOUGHNUTS, PH FREELANCE

SEP 2020 – AUG 2024

I redesigned Pufft's branding and built their Shopify store. 3 years later, I still enjoyed working with Pufft as their go-to developer, updating their store on a monthly basis.

◆ SKILLS

I move fluidly between UX strategy, UI design, front-end dev, and visual crafting. This range means I can take a product from audit to polished execution without losing context at the handoff. All-in-all, I bring the same level of intentionality to every layer of the work.
